

THE MIPLANK COLLECTION

Beautifully engineered to authentically replicate the appearance of natural timber planks, the designs within the MiPlank collection deliberately contain knot and grain details to give each plank a unique appeal. Although we endeavour to ensure the colours depicted within this brochure represent the true colour of each product, we recommend you view an actual sample of a full size plank prior to selection.

The R values shown denote a ramp test result, which is an ex-factory measure of slip resistance.

WASHED PINE 2410 plank size: 177.8 x 1219.2mm R10

GREY GUM 2420 plank size: 177.8 x 1219.2mm R10
