

Accelerator for 2-component epoxy resin systems

Okapox Accelerator

- shortens reaction times
- minimizes waiting times
- easy to apply
- universal use

Product Description

- Accelerator additive for use with: epoxy resin primer **Okapox GF** extremely fine epoxy resin grout/adhesive **Okapox DesignerGrout** epoxy resin adhesives and adhesive mortars/grouts **Okapox F/K** and **Okapox F/K Boden** (floor) **Okapox Accelerator** shortens waiting and curing times when priming substrates prior to tile and parquet/engineered wood or other flooring installation. Finished areas can be exposed to stress much quicker. Depending on product, **Okapox -Accelerator** results in superior mechanical and chemical properties after a shorter time. Suitable for interior and exterior applications.

Processing

Mix respectively 2-component epoxy resin systems until a homogeneous mixture. Add **Okapox Accelerator** in the mix proportion stated, stir in homogeneously, transfer to fresh container, and stir again.

Coverage

1 container (200 ml) **Okapox Accelerator** for:
 approx. 3,5 kg **Okapox GF**
 approx. 4,8 kg **Okapox Designer Grout / Okapox F/K Boden** (floor)
 approx. 5,0 kg **Okapox F/K**

Cleaning

Clean tools with water immediately after application.

Packaging

Packaging	Item no.
200 ml plastic container	14099

The aforementioned information, especially the proposals for processing and utilizing our product, is based on our knowledge and experience. We recommend that you carry out your own tests in every case to ensure the suitability of our products for the intended process and processing purposes because of the different materials and the working conditions which lie beyond our area of influence. No liability can be derived from this advice or from verbal advice, unless we are responsible for (criminal) intent or gross negligence in this respect.
