

SOFT SURFACE CLEANER

Carpets. Fabrics. pH Neutral. Non-toxic
Dual Action Stain Remover
Naturally Powerful
Destroys Odours
500mL

CONTAINS

Enzyme Blend 1.0	10%
Alcohol Ethoxylate 1.0	10%
Fragrance	0.5%
Inorganic Salts	<1%
Insoluble matter	<1%

Product Information:

PUREFLOR Soft Surface Cleaner is an all-natural, multi-enzyme formula designed to attack and loosen tough stains and dirt on carpet and upholstery.

- Works to destroy all organic matter, not just lift the top layer of soil and dirt
- Rapid penetrating action which gets deep down into the fibres of the carpet to loosen the debris
- Eliminates odours in the carpet by getting to the source
- Allows odour and stain removal without damaging fibres
- Removes a wide range of difficult organic stains, including blood, pet, urine etc

Our enzymes are formulated to be incorporated into water at very low concentration levels and are therefore environmentally safe. All regulated components of our enzymes have been rigorously tested for human safety, biodegradability and aquatic safety.

Suitable for use on: carpet, rugs, upholstery, curtains.

Complete Ingredients: water, Enzyme Wizard enzymes blended from plants, surfactant and water miscible fragrance.

SOFT SURFACE CLEANER

Carpets. Fabrics. pH Neutral. Non-toxic
Dual Action Stain Remover
Naturally Powerful
Destroys Odours
500mL

CONTAINS

Enzyme Blend 1.0	10%
Alcohol Ethoxylate 1.0	10%
Fragrance	0.5%
Inorganic Salts	<1%
Insoluble matter	<1%

How to Use:

1. For surface scuff marks on the carpet, wet the cloth with the enzyme and then rub down the carpet
2. For carpet spills, spray, then rub with a cloth

Tips:

- Always use a new cloth when cleaning a carpet stain as dirt from the cloth will make the spot or stain worse
- For better and quicker results, use a micro fibre cloth as this tends to pick up the inorganic matter better than a standard cloth
- Can also be used in carpet shampoo machines and carpet steamers. Just mix at a ratio of 10:1 into the carpet shampoo chamber. For best results before using any machinery, it is best to wet down the carpet stains first and then go over it with the carpet shampoo machine

Important Information:

- Before using product on carpet always test for colour fastness in an inconspicuous area of the room, as some dyes used are organic
- Can also be used to remove stains from all fabrics, like curtains, sofas etc
- Do not mix the soft surface cleaner spray with any bleach or oxidisers as this will de-activate the enzymes
- The enzymes are designed to remove all organic stains off the carpet. It is important to note if the stain is organic or inorganic. Types of inorganic stains are, tar, mud, soil, grease etc
- When treating a stain that has already been treated with a chemical-based product, the carpet spotter may be required to be used more than once as the nature of the stain
