

## LET US CONVINCE YOU THAT VINYL REALLY IS THE BEST

Unlike vinyl flooring of the 1960s in mums kitchen, vinyl flooring today has made a resurgence and for good reason.

Unlike tiled and wood flooring, Polyflor Luxury Vinyl Tile (LVT) ranges such as Camaro, Affinity & MiPlank provide warmth underfoot, whilst the thickness of the tile adds a cushioned feel offering a far quieter surface to walk on.

Since launching in Australia & NZ in 1963, Polyflor Australia has offered customers modern and affordable flooring solutions. Polyflor's LVT range is designed to resist stains, scratches and household chemicals- perfect for homes with kids and pets.

Visit our website to find your local stockist Australia wide today!
