

*Stylish, easy
to install and
maintain, and can
mimic tile, stone
or hardwood*

THE NEW GENERATION OF FLOORING

Since 1963, Polyflor Australia has offered modern, affordable flooring solutions. Modern luxury vinyl tile (LVT) is stylish, easy to install and maintain and is able to mimic tile, stone or hardwood. Polyflor's LVT range is designed to resist stains, scratches and household chemicals – so it's ideal for family homes or those with pets. Unlike tiles, Polyflor ranges such as Camaro, Affinity, Simplay or Expona Domestic are warm underfoot and the thickness adds a cushioned feel and a far quieter surface to walk on. Engineered for living, Polyflor LVT is compatible with underfloor heating and is more slip-resistant than tiles, even when wet. While tough, extremely scratch resistant and easy to maintain, accidents can happen. When they do, the solution is simple. Tiles are sold in individual packs so there's no need to patch up, sand or replace. Explore the range of Polyflor LVT online, and discover the difference it can make in your home.
